Technology is no longer only for computer science majors and mathematicians but our everyday life. Being a passionate people-person with over 10 years of experience as a professional dancer and in the hospitality industry; bringing tech and communities together is a dedication of mines. After a year and a half sabbatical, wire jewelry making and briefly attending Dev Bootcamp, I attended and graduated from Epicodus 6 month program building web applications from scratch. Coding over a year and finishing my internship I am enthusiastic to bring my development skills to your team/company.

Education

2017-08 - 2018-02

Epicodus

- Lead by example/influence and deliver ideas compellingly
- Singled-handedly built a web application that helps dancers find jobs in Seattle and engage in the dance community
- Created an interactive learning tool that allows children the ability to create a personalized approach to learning
- Initiated a communication tool that streamlined information sharing and event planning for the class

2016-09 - 2017-05

Dev Bootcamp

- Increased my knowledge in Practical Object Oriented Design in Ruby and algorithms
- Coached relieving stress techniques to peers
- Actively participated in Engineer Empathy lectures

Projects

Generator; Angular 5, Bootstrap, HTML, CSS

ChalkDoc application to generate worksheets for math teachers. Live Site: https://generator.chalkdoc.com/, Github: https://github.com/ElreyB/generator

Epic-Goose (Group Project); HTML, CSS, Javascript, Bootstrap

Conceptualized and served as team lead on a choose your own journey story application following the story of "Goblin Market".
Live site: https://elreyb.github.io/epic-goose/, Github: https://github.com/ElreyB/epic-goose

Triangle Tracker; HTML, CSS, jQuery, Bootstrap

An application that will determine if the three numbers inputed will make a triangle and what basic type of triangle it is. Live Site: https://elreyb.github.io/triangle-tracker/,
Github: https://github.com/ElreyB/triangle-tracker

Experience

2018-01 - 2018-02

Intern

ChalkDoc

- Identify and addressed tech debt
- Organized daily goals
- Refactored existing code base using higher order functions & reduced total source lines of code by 60%
- Ensured consistent and thorough documentation

2005-09 - 2015-11

Manager, Host, Event Planner

Hospitality Industry

- Full cycled event planning for parties up to 100 people
- Comfortable working with high-end clienteles, including celebrities and corporations
- Solidified relationships with repeat clients to deliver their party vision to reality
- Single-handedly created host manuals and trainings for four [high end] restaurants

2002-04 - 2015-10

Dancer, Choreographer

Dance Companies In Philadelphia and Seattle Area

- Established a large network in the dance community
- Participated in several dance companies that exchanged dance concepts with international companies
- Lead classes in modern dance and yoga for local communities
